LOCALS MADE VERY BAD START

Ragged Work in Beginning Gave Visitors Too Big a Lead to Be

Ragged fielding at critical stage and inability to connect with Cramer's - "twisters" when hits would have made tallies are the causes to which the walloping of the Shipbuilders by the nine of the crew of the United States battleship Virginia field and while the sailors were ar at the Casino parq yesterday after tioon, may be atributed.

When the final reckoning was over the tars had five chalk marks to their credit while only two stool opposite the name "Shipbuilders."

The mathematics of the game however, show that the ears carned not a single run, while the locals did earn one of their tallies.

Some three hundred or more fanatics witnessed the heart-rending con test and at least half of that num ber said unpleasant things about Chief Yeoman H. B. Alderman, who umpired the game. While the crowd was filing off the field expressions none too gentle, of the opinion of fans about the yeoman could be heard. The crowd had a right to be "sore" on the umpire, for his de cisions played no small part in the ultimate result of the mutch.

Before the game opened Captain Hargis informed Dr. Loeb that Mr. Alderman would have to umpire at least one-half of the game or he would not play.

Mr. Monroe, the local umpire stated that nuless he could umpire the entire game he would not um pire at all. Dr. Loeb then agreed to allow Mr. Alderman to umpire the entire game.

There is a possibility that the fans would have overlooked some of the decisions be made, if Mr. Alderman had not insisted upon coaching the sailors when they were on the bases. He did that upon several occasions and twice saved a tar from being put out.

With their own unmire back of them, the sallors started in that game to have revenge for their defeat at the hands of the Shipbuilders two Saturdays ago. They began work in the opening session. man up was an easy out. Flannigan then followed and hit a hot one to who started in to twirl for the Shipbuilders. Pease missed the bail and the runner went safe. Hill went out, Pease to Curtis. Burnham took first on Curtis' error and Kennedy followed with a single

loney threw the sphere to O'Hara, catching the runner at the plate and retiring the side.

The Shipbuilders scored one in the second. McLaughlin hit safe, took econd on Hughes' out and then stole third. He went home on Beckes

In the opening of the fourth ses sion the tars cinched the game by scoring three runs. Kennedy led off with a grounder to Young, who threw bad to first and the runner was safe Hargis then singled and Cramer flew out to Maloney, Bruno hit a grounded to John O'Hara, who juggled the sphere a moment and then threw home: The throw was low and Pat missed it, allowing Kennedy and Hargis to score, Curry followed with a single, scoring Bruno. The next two up were easy outs.

In the fourth the locals made it one better. John O'Hara led with a pass to first and took second on McLaughlin's out. Hughes scored O'Hara with a single to right field. Curtis and Beckes were easy out and the side was retired.

In the seventh the Shipbuilder cored the last run of the game Beckes and Reynolds went out. Then Maloney hit to Hill, who errored allowing the runner to go safe Young followed with a single to right guing that the ball was foul. Ma went home and Young took second. P. O'Hara then retired the side with a fly to Burnham.

Pease, the new twirler signed by Dr. Loeb, started in to pitch yesterday's game, but owing to the condiof his "wing" he had to stop playing at the end of the second inning. Reynolds finished the game then the damage had been done and he could not, with the support given him, pull victory out of de

One-Sided Ball Game Results in

Score of 33 to 2. In a one-sided contest yesterday afternoon the senior students of St. Vincent's Academy outplayed a pick of "bas-been shipyard, defeating them by the score of 33 to 2. The game was not particularly interesting, the younger Academians demonstrating beyond a doubt to their aged oponents that bapseball has been reduced to a science during the past decade or two. The heavy batting and snappy fielding of the Academy nine, and the fine individual work of several of the shippard men were the fea-
